Beginning Oct 1 through Nov 19, 2024

**CATHOLIC MYSTICISM & THE BEAUTIFUL LIFE OF GRACE**  
PRODUCED BY SCIENCE OF SAINTHOOD FEATURING MATTHEW LEONARD

Every single one of us is called into deep relationship with God. It's why He made us. But what does that relationship actually look like and how does it happen? That's what this course explores and explains. So join us as we examine the final goal of the Catholic life and how the grace of God actually works to make that a reality. It's a life-changing journey into the heart of what the Catholic spiritual life is all about.
