Overview

As a couple engaged to be married in the Catholic Church, you are about to make a decision that will shape your entire life together: "...to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part". The Catholic Church recognizes the importance of marriage in your lives and in the life of the Church. As with all major decisions, preparation is needed to make wise choices now and in the future. The priests and married couples of the Church offer their experience to help you.

What Is the Marriage Preparation Workshop?

The Marriage Preparation Workshop is an opportunity for you to appreciate more fully your relationship with each other, with God, and with the Church. It is special time for you to focus on your relationship so you can better understand and communicate what you want for your lives together.

The workshop consists of four 3-hour evening sessions over four consecutive weeks. Each session includes presentations on important topics of married life, private time for you to discuss how the topic applies to your unique love relationship, and small group discussions with other engaged couples. Each small group is facilitated by a married couple who is available to you throughout the workshop and afterward.

Option for Personal Pre-Marriage Inventory

The FOCCUS[®] (Facilitating Open Couple Communication, Understanding and Study) Pre-Marriage Inventory is a communication tool designed to help you appreciate your unique relationship, learn more about yourselves, and discuss topics important to your lifelong marriage with a certified facilitator. FOCCUS is offered as an option to supplement the workshop. See <https://www.foccusinc.com/foccus-inventory.aspx>.

Who Can Participate?

The Marriage Preparation Workshop is open to couples of all ages who request the Sacrament of Matrimony in the Catholic Church. If you are currently in a civil marriage or have been married previously, discuss your situation with your priest or deacon before registering.
